Carter Glass Company has been providing complete glazing service to the construction industry for over 40 years. Through a relentless pursuit for customer satisfaction, we have established our company as a reliable source for quality work at a competitive price. We believe that every project we do must reflect the high standards which we have set for ourselves. Our company has always and will continue to serve our customers from small projects to multi-story buildings. Carter Glass Company has displayed the ability to take on any project in any way it was presented. Design build projects, custom windowwalls or curtainwalls, many done on a fast track schedule, we have proven that we can perform.

The following pages indicate some of our work. We are very proud to show you our accomplishments. It is our hope that our companies may work together in the future.
